

TOGAF 9.1 Enterprise Architecture Framework Overview

Introduction

Joseph Anthony

@ansolabs | www.ansolabs.net

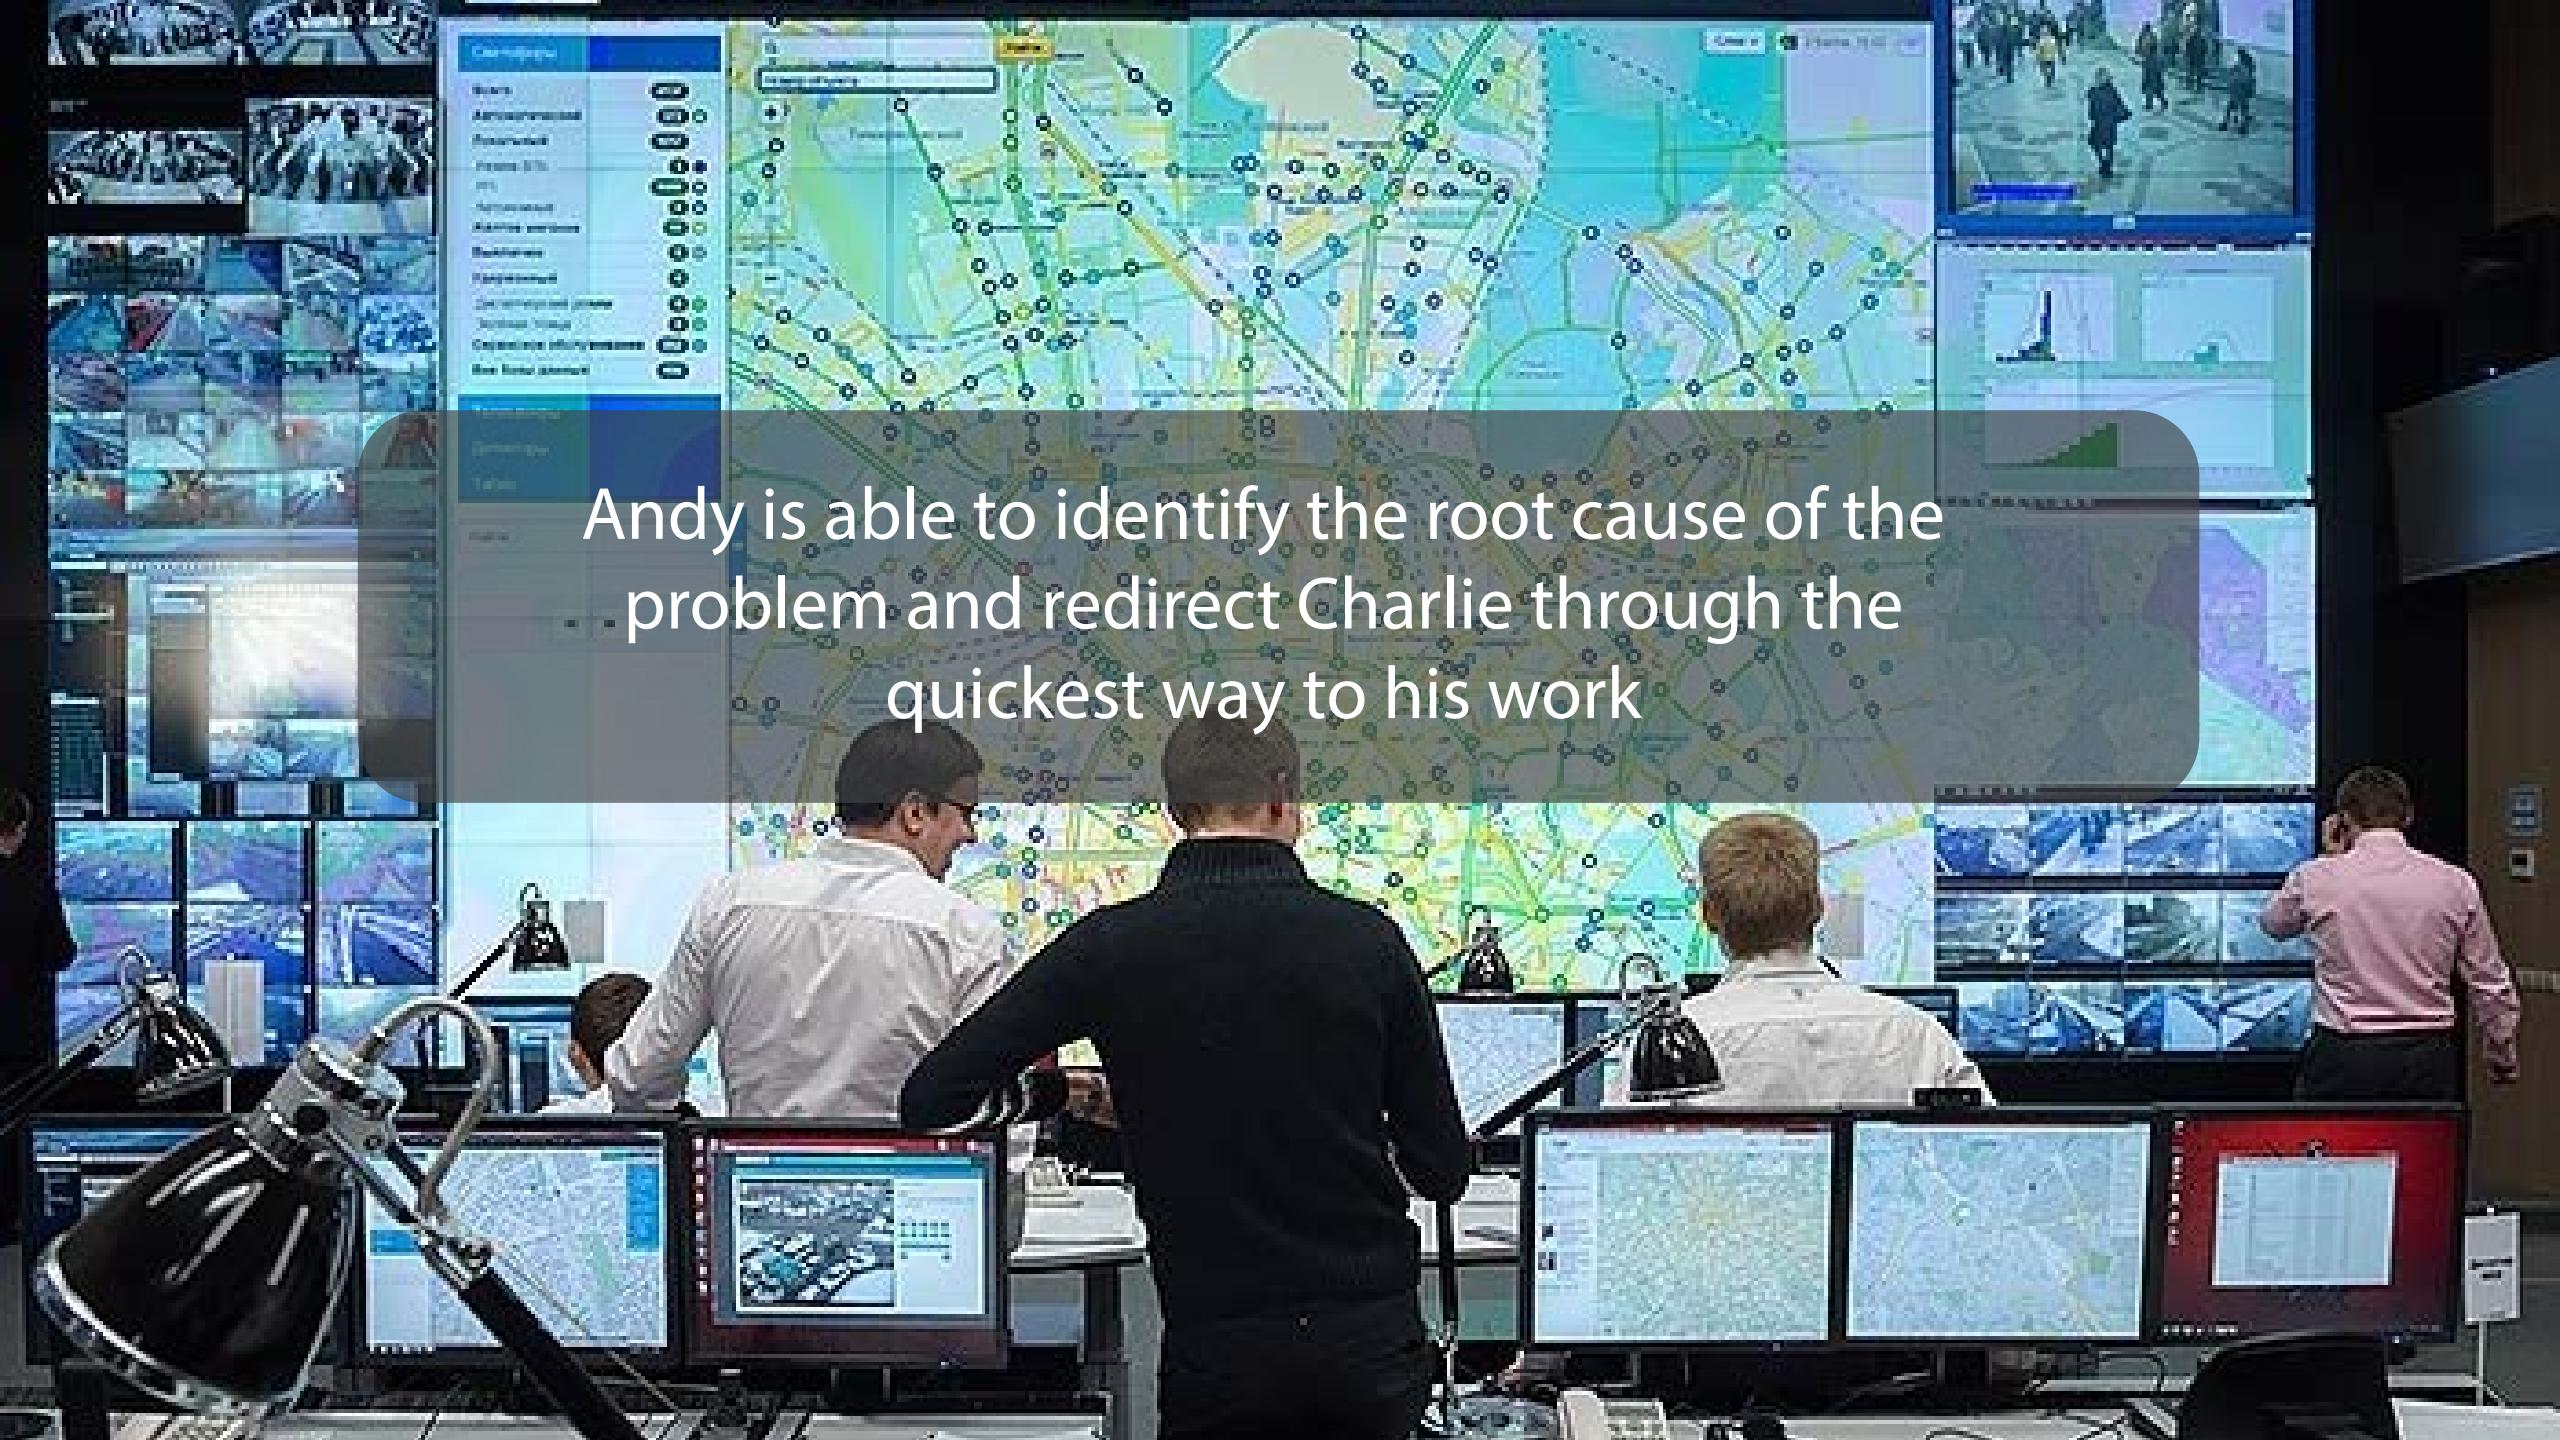

Lets Begin with a Story ...

It is Monday morning and
Charlie is stuck in the
traffic!

GPS offers no good news!

Andy is able to identify the root cause of the problem and redirect Charlie through the quickest way to his work

So ... What Is the Point?

Being able to see from various vantage points is a powerful capability

Seeing the problem from the correct perspective and angle solves half the problem

Enterprise Architects strive to create and be on top of various viewpoints within the enterprise

10 Seconds Intro ...

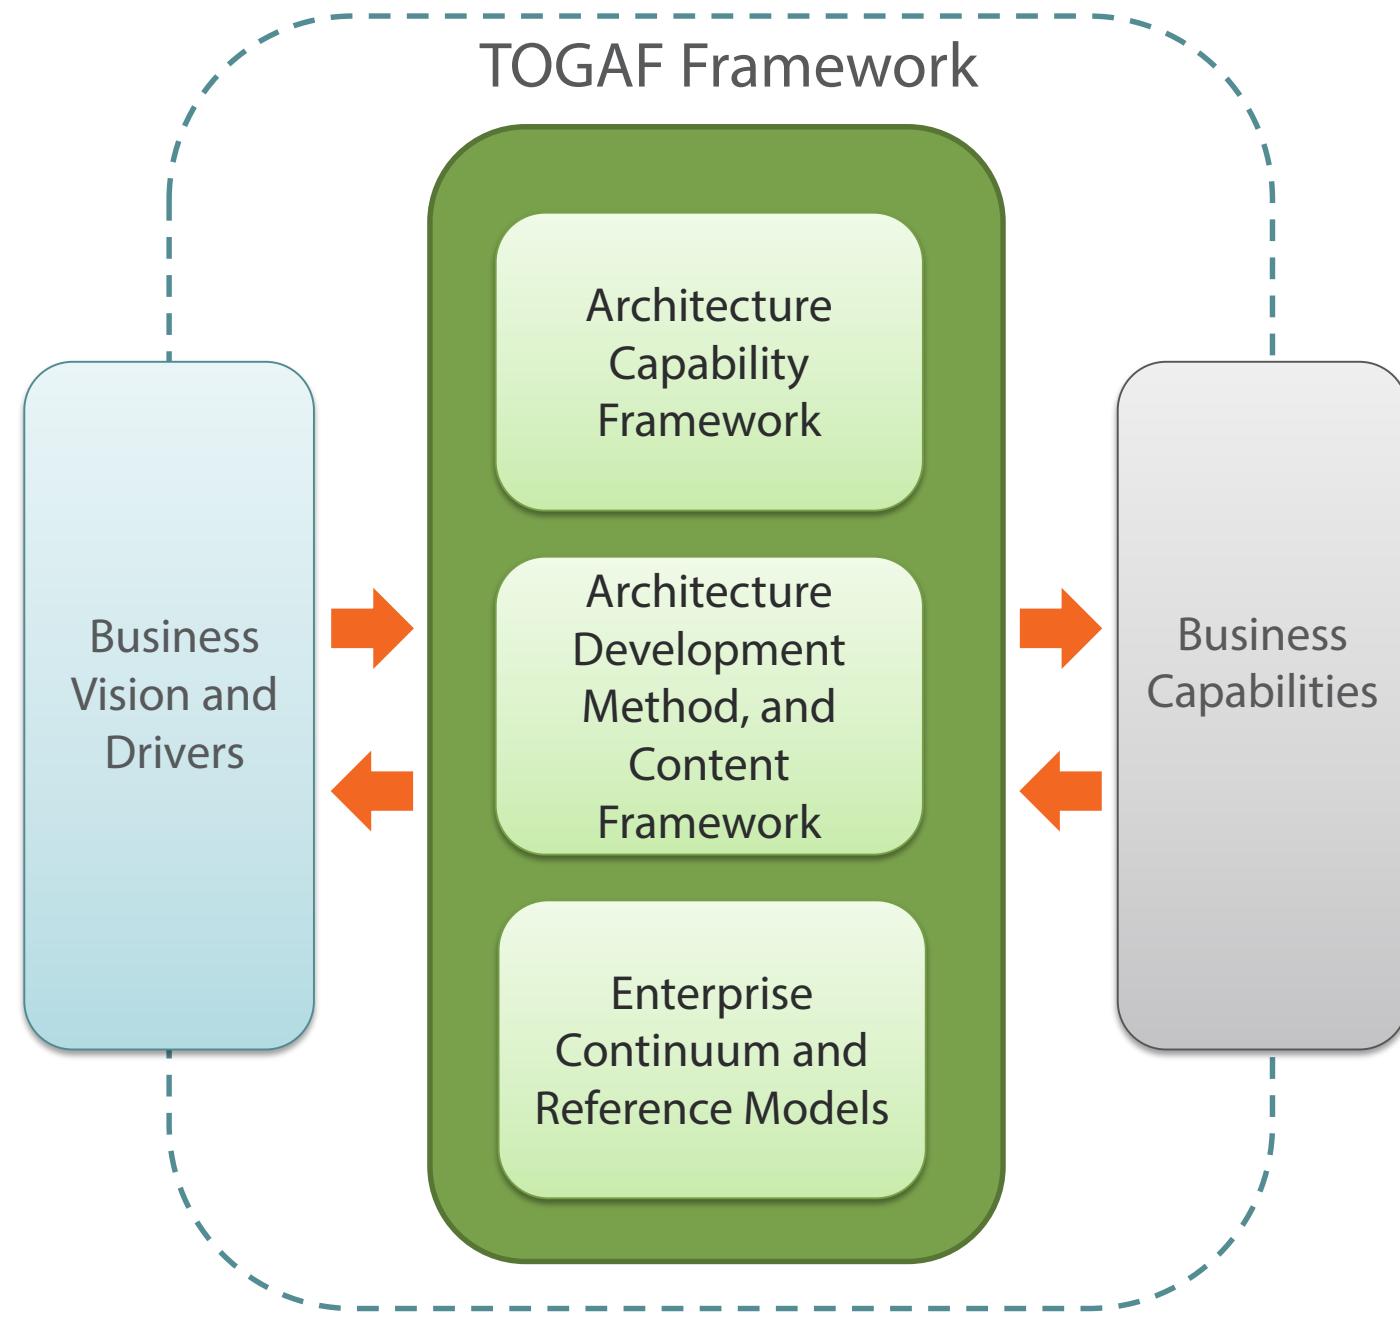

Enterprise Architecture and Agility Coach
> 18 years of industry experience

Software development/ architecture
background

About 9 years in Solutions/ Enterprise
Architecture space

Pluralsight Author: Joseph Anthony

TOGAF (The Open Group Architecture Framework) is today the most popular enterprise architecture framework in the industry
<http://bit.ly/1pc0TtB>

It is rapidly growing in adoption
This course will explore the latest version TOGAF 9.1

Web First Banking Corporation (WFBC)

Business Vision:

“To become the best loved retail bank in our core geographic region (as measured by net promoters score or NPS index)”

“To expand our services into emerging economies”

*"WFBC appoints Tom Wiseman
as new Chief Enterprise
Architect who has several years
of experience in transforming
enterprises"*

Objectives of the Course

- Offer a practitioner's perspective to using TOGAF
- Offer practical guidance and insights on applying the framework
- Accelerated overview of the essentials of the framework

Target Audience

- Enterprise, solutions and business architects
- Technical/ software architects, designers, developers and IT professionals
- Business analysts, managers and others who work with architects
